## TERRIBLE STORMS

Result in a Great Flood  
At Xenia, Ohio.

In which Over Twenty People  
Are Drowned.

The Jury in the Hughes Case  
Fail to Agree on a Verdict.

Plain Talk From Americans to  
Captors of the Adams.

The Interesting Happenings of  
Day Throughout the World.

A Flood Causes a Fearful Loss of Life in  
Xenia, Ohio.

COLUMBUS, O., May 13.—A Xenia special says: There was a terrible wind and rain storm at ten o'clock last night, accompanied by a wonderful electrical display. The water backed up at the lower end of the town, along Shawnee creek, in waves fifteen or twenty feet high, and swept twenty or thirty houses away and did \$100,000 worth of damage. The gas works are flooded, and the town is in darkness and terror. The cries of the people in the flooded districts were awful to hear. Bodies were lighted and people worked all night to remove the bodies of the dead and save property. Twenty bodies were recovered, and there is still a number missing. Whole families perished in the flooded districts. There was great damage to property in the surrounding country and the extent of the damage cannot now be even approximated.

The following is a list of the dead so far as known: Mrs. Nettie Anderson and sister; Mrs. Casey, a widow; Mrs. Samuel Cochran and two sons; Matt Evans, wife and child; Orrin Morris, wife and five children; Stephen Dalton, William Powell, wife and seven children, Lewis Anderson and wife and Mrs. Ed. Lindsay.

Confirmations.  
WASHINGTON, May 13.—Confirmations today by the senate were J. H. Putnam, of Ohio, to be consul general at Honolulu.

Registers of public monies.—J. L. Boyd, Bayfield Wis.; H. S. Howell, Helena, Montana.  
Registers of land offices.—Wm. C. L. Reed, Helena, Mont.; E. G. Shields, Las Cruces, N. M.; J. B. Webb, La Crosse, Wis.

Collectors of customs.—A. Z. Zeberger, Chicago, Ill.; Conrad Seipp, Milwaukee; John Cadwalader, Philadelphia; Robert Barnett, collector of internal revenue, for fourth district of California; D. Z. Yost and J. E. Tucker, to be assistant appraisers of merchandise at San Francisco.  
Postmasters.—R. P. Monce, Bozeman, Montana; R. B. Glover, Olympia, Washington Territory.

An Embroidering Postmaster.

ALBUQUERQUE, N. M., May 13.—A telegram was received here today by Inspectors King and Waterbury, of the arrest at Largo, N. M., of L. Bothune, postmaster, for embrodering \$500 from registered letters. Inspector Frederick captured him at Tierra Amarilla, and Inspector Waterbury has gone to Chama to assist in bringing him to Santa Fe for trial.

The Chinese Indemnity Bill.

WASHINGTON, May 13.—In the house today the bill appropriating moneys to indemnify the Chinese settlers for losses sustained by the action of a mob at Rock Springs, Wyo., was discussed but no action was taken on same. During the progress of the debate Mr. Carey, of Wyoming, said: He favored the absolute prohibition of Chinese immigration, and held that the responsibility for the mob at Rock Springs rested upon congress, on account of its refusal to listen to the demands of the people of the Pacific coast for such prohibition.

The Effect of the Storm in Ohio.

HAMILTON, Ohio, May 13.—The wind and thunder storm which passed over Butler county Wednesday night has left Hamilton off from all telegraph, telephone, railroad and mail communication with the outside world. Reports from the surrounding country come in slowly and are very meagre. Four barns were struck by lightning and the buildings and contents were lost. Seven bridges in this county were carried away. Two railroad bridges on the Cincinnati, Richmond & Chicago and two on the Cincinnati, Hamilton & Dayton. No trains are running on either of the roads named. So far no loss of life is reported.

Wrecked by Washouts.

INDIANAPOLIS, Ind., May 13.—The Washab, St. Louis & Pacific east-bound passenger train struck a washout six miles below Lafayette at 3:30 o'clock this morning, throwing the whole train, consisting of seven coaches, from the track. The cars were piled upon each other promiscuously, but no one was seriously hurt. The baggage and express cars are a total wreck.

Live Stock Markets.

CATTLE.—Receipts, 1,078; shipments, none. Market strong and active. Choice to choice, \$6.10; higher choice to fancy, \$5.10; fair to good, \$4.75; \$5.00; common to medium, \$4.40; stockers and feeders, \$3.50; \$4.30; common, \$3.60; \$3.75.  
SHEEP.—Receipts, 514; shipments, none. Market quiet and steady. Common to medium, \$3.00; \$3.00; good to choice, \$3.50; \$4.50.

Murray on Mormons.

SALT LAKE, Utah, May 13.—Governor Murray in an interview with your correspondent today said: "If the dispatches are correct the president is sadly mistaken in his reason for recommending congress to reconstitute the legislature of Utah, the record of which is filled with attempts at nullification. I agree with the Mormon agents at Washington that we should have legislation to carry on the government of Utah. Congress can do this; if not, at least, let it give us a legislature composed of those who bear allegiance to the government whether they be elected by the people or appointed by the president. The constant effort of the last legislature was to defeat the execution of the laws of congress against polygamy and continue the unlawful territorial government in defiance of all national laws as interpreted by Attorney General Garland. The Utah commission and courts, as government, I used every effort, and presented to the legislature measures by which the territorial institutions could be sustained in accordance with the laws of congress. This they shunned, and rather than yield obedience to national laws, the legislature sacrificed the public schools, left the insane asylums uncared for, the courts without means, and then in Washington charged the failure upon the governor, in a hope to continue their unlawful and treasonable territorial government. There is no place for such a government on this continent, and congress should not pass the president sanction any measure before congress to approve their records, but should take such action as to demonstrate that our next legislature should at least be an American and loyal body."

The Victims of the Attila Storm.

INDIANAPOLIS, May 13.—An Attila special gives the following list of the dead and injured from yesterday's storm:

Killed.—Mrs. Jot Avis.

Fatally injured.—Mrs. Morehead, Mrs. Abe Nathan, Wm. Vandevanter, James Ide.

Severely injured.—Mrs. Kirby and son, Reed Bradley, Rob. Parish, Mrs. Moore, Courtney Moorehead.

The loss of property will exceed \$30,000.

The Storm King Rampant.

INDIANAPOLIS, Ind., May 13.—A storm passed over Kempton, thirty nine miles east of Lafayette, on the Lake Erie & Western railroad, about 5:30 o'clock last evening, unloading houses, tearing down trees and fences, and carrying everything before it. One man was killed and a number are reported seriously wounded. Several warehouses occurred below here on the Louisville, New Albany and Chicago and Washab roads. A number of buildings were struck by lightning and considerable property was destroyed.

Straight United States Talk.

DIGBY, Nova Scotia, May 13.—The following notice was served upon those in possession of the schooner David J. Adams this morning:

To Captain Scott, commander of the marine police and all persons whomsoever concerned, holding or detaining the schooner David J. Adams, take notice: The undersigned hereby protest and object to the illegal seizure and detention of said vessel and demand its immediate restoration to its lawful master. Further take notice that the owners and parties interested in said vessel intend to hold the parties who seized said vessel, as well as those that may have her in custody, or may detain her, liable for all damages consequent upon her seizure and detention.

The above was signed by Captain Kinney, master of the Adams, and countersigned and concurred in by Consul General Phelan.

The Prospects for Tariff Talk and Adjournment.

DENVER, May 13.—A Washington special to the Republican says: A careful canvass of the house membership made today develops the fact that it is equally divided upon the question of adjournment, one side being of the opinion that the tariff bill will fail of consideration, in which case adjournment can be accomplished by the middle of July, while the other side express the belief that the friends of the tariff bill have a narrow majority sufficient to assure its consideration, which would prolong the session until late in August.

The Damage to the Railroad.

INDIANAPOLIS, May 13.—All railways leading west from Indianapolis are seriously crippled. On the Pan Handle it was said the amount of track washed out between here and Bradford will aggregate five miles. The damage on the Bee Line is also very heavy and the eastern division of the Indianapolis, Bloomington & Western is so crippled that the company will not attempt to move any trains before Monday.

The Manufacturer's Strike.

CHICAGO, May 13.—This evening at 6 p. m., in accordance with the decision of the Wholesale Manufacturers' association of Chicago, the gigantic lock-out was inaugurated here. All manufacturers notified their cutters that for the present no further work would be given out. The middle men will hold a meeting tomorrow to take action concerning the dilemma in which they are placed by the wholesalers' lock-out.

Base Ball.

DETROIT, May 13.—Boston, 3; Detroit, 4.  
PHILADELPHIA, May 23.—The Athletic and Brooklyn game, scheduled for today, was prevented by the rain.

KANSAS CITY, May 13.—The league base ball game was postponed on account of rain.

St. Louis, May 13.—Washington, 2; St. Louis, 4.

Gene to Glory.

COLUMBUS, Ohio, May 13.—Grover was executed here today at 1 p. m. He protested his innocence on the scaffold. He exhibited great nerve and showed very little emotion as he announced himself ready to die.

A Disagreement in the Hughes Case.

SPECIAL TO THE GAZETTE.

ALBUQUERQUE, May 13.—After being closeted thirty-six hours, with but one meal, the United States petit jury in the Hughes case came in and agreed to disagree. It is not known whether a new trial will be had this term or not. The attorneys for the defendant have not moved for a new trial. Hughes and Clark who were jointly indicted were so tried. There was no evidence showing any guilt on the part of Hughes. Both gave bonds for their appearance.

Tom Hughes' many friends in this section will be pained to read that the jury before whom he was tried have disagreed, as they all know that he is perfectly honest and believe that the charge against him resulted only from the careless management of the post-office by his deputy, for which he is held responsible, but will never entertain the idea that he was guilty of any criminal action in the matter.

The Extent of the Storm Which Devastated Xenia.

CINCINNATI, May 13.—The storm of last night, which did such fearful work at Xenia, Ohio, was far reaching. It is heard of in Illinois, through Indiana and Ohio, and at Winchester, Virginia. Here there has been an unusual electrical disturbance for the past three nights. The counties of Montgomery, Clark, Butler, Warren and Greene lie adjacent in Ohio and form an elevated plateau with but shallow valleys and low hills. In these counties are the towns of Dayton, Springfield, Hamilton, Lebanon and Xenia. In the eastern county of Indiana, adjoining this district, is Connelville; at all of these places the rain of last night was of the heaviest volume ever known; at Dayton it measured four and a half inches in about three hours.

Defiant Mormons.

SALT LAKE, Utah, May 13.—Governor West today went to the penitentiary to talk with the polygamous convicts there. He asked if they would be willing to promise obedience to the laws if he would use his influence to have executive clemency extended them. Lorenzo Snow said he would not, and added that he did not blame those who persecuted him, any more than he did those who persecuted Christ and early Christians. He also said: "We, following the direct command of God, cannot give way to the law of man."

Governor West considers that this leaves not a leg for the convicts to stand on in their cry of persecution; he thinks that President Cleveland would probably have listened to a recommendation for leniency, but the Mormons leave no opportunity for its exercise.

Of Interest to Lawyers.

WASHINGTON, May 13.—The bill has passed the senate creating a new judicial circuit of the United States. In this bill the eighth circuit is made to include Nebraska, Kansas, Arkansas and Colorado. The ninth to include Minnesota, Iowa and Missouri, and the tenth to include California, Oregon and Nevada. The bill also provides that the present judge of the ninth circuit, as heretofore constituted, (being California, Oregon and Nevada) shall be the judge of the new tenth circuit and the president shall appoint a judge for the new ninth circuit.

A Sitter Blow.

INDIANAPOLIS, Indiana, special reports that news has reached that point from Wilkinson, fifteen miles distant, on the Indianapolis, Bloomington & Western railway, that the storm of yesterday blew down all the buildings in the town except three. Samuel T. White was killed and his wife was fatally injured. A boy named Shaffer was also killed and about twenty persons seriously hurt, several of whom will die.

Died for Want of a Mortgage.

NEWAFUE, Mich., May 13.—Henry H. Miller, a farmer aged 70, this morning burned down his house and barn and then blew off his head because his wife refused to mortgage the property now in her name. The couple had been married fifty years.

Striking the Seizure.

WASHINGTON, May 13.—The seizure of the American fishing schooner Adams at Digby, Nova Scotia, was one of the topics considered at the meeting of the cabinet today. But no action was taken, until official documents in the matter are presented.

A Boom for Hogs Butte.

DENVER, May 13.—The produce exchange today passed a resolution strongly condemning the proposed legislation against oleomargarine butter, the proposed bill being considered prejudicial to the cattle interests of the west and a blow against the wishes of the laboring classes.

The Kingston Camp.

The mining camp at Kingston is making remarkable strides in the direction of a dividend-paying and most profitable camp to those who are fortunate enough to have interests there. The Kingston camp has the quality of permanency. The mines are all the while growing better, and as a wealth producer, where the ore does the talking and not the mouths of men, Kingston stands today as one of the best, if not the very best, camp in New Mexico. Strikes of rich ore are being made there continually and that locality is enjoying an exhilaration in a business way that is having a beneficial effect on every other mining camp in the territory. The conditions in every particular for successful mining there are excellent, and the men engaged in the industry are realizing some of the dreams of wealth that come to everyone under the fascinating spell of searching for the rich ores of the earth. The Gazette was permitted today to read a letter written by a trustworthy, conservative business man of

that came to a friend in Las Vegas.

The gentleman, among other items of interest, said that a rich body of ore has just been struck on the Comstock mine by one of the lessees, a Mr. Charles Canfield. So it goes. News from the Kingston camp is of that cheerful tone which is an assurance that they have a good thing there and will stay with it.

Business Changes in New Mexico.

The Bradstreet's agency reports the following business changes in New Mexico during the past week:
